Case One Of The Best Places To Work In Northeast Ohio

Case Western Reserve University has been chosen as one of the best places to work in northeast Ohio.

The Employers Resource Council (ERC) presented Case with the honor at the 6th annual NorthCoast 99 Awards.

"I think the recognition just confirms what we at Case already know: Case Western Reserve University is certainly one of the premier places to work in the northeast Ohio region, and we think it’s one of the best places in the country," said Tony Kinslow, vice president of human resources.

Case employs more than 5,000 faculty and staff.

NorthCoast 99 is an annual, year-long effort to identify 99 of the best places to work in northeast Ohio by the ERC, Northeast Ohio’s largest employers’ association. The award recognizes employers that excel in compensation, benefits, health and safety, training and education, diversity, community service, recruitment and retention, and employee communication. The program also focuses on developing new workplace benchmarks for northeast Ohio businesses. “Our team deserves some well-earned recognition," Kinslow said. "We look forward to continuing to be one of the best places to work.”

For more information on ERC and to see the full list of the 2004 recipients, please go to: http://www.ercnet.org/northcoast99/

Louis Stokes is a Senior Visiting Scholar in the practice of revitalization. Stokes played a pivotal role in the quest for civil rights, equality and social and economic justice throughout his tenure in the United States Congress. After serving 15 consecutive terms in the U.S. House of Representatives, Stokes retired in 1998. He was the first African-American member of Congress to retire after completing 30 years of service. Stokes initially represented Ohio’s 21st district, which became the 11th district in 1992 as a result of Administrative News census.

organized seminars on public policy-related issues. In doing so, Dean Grover Gilmore said, Hagan brought together leaders from throughout the public sector to share experiences and lessons learned with Mandel School students. During spring semester, Hagan will be available for consultation with faculty on public policy issues and will participate in seminars as a guest speaker as his schedule permits once he assumes the role of Cuyahoga County Commissioner in January 2005.

Revised PHS 398 (DHHS Public Health Service Grant Application)
Now Available

The newly revised “Application for a DHHS Public Health Service Grant” (PHS 398, rev. 9/04) instructions and forms are now available and will be accepted for submission/receipt dates on or after December 1, 2004. All applications received on or after May 10, 2005 must use the new instructions and forms. During the transition period, applications using the previous version (rev. 5/01) of the PHS 398 will be accepted through May 9, 2005. However, after this date, applications submitted using instructions and forms other than the PHS 398 (rev 9/04) will be returned to the applicant.

The newly revised “Application for a DHHS Public Health Service Grant” (PHS 398, rev. 9/04) instructions and forms are now available and will be accepted for submission/receipt dates on or after December 1, 2004. All applications received on or after December 1, 2004, must be received on or before May 10, 2005. After this date, applications submitted using instructions and forms other than the PHS 398 (rev 9/04) will be returned to the applicant.

Administrative Training

No training in December
January 19 PeopleSoft Human Capital Management System
Mid-January Open Sessions in computer lab for Time and Attendance entry on new PeopleSoft HCM System -- Times to be announced.

Research Training Opportunities Offered By The NIH

This program will provide predoctoral training support for doctoral candidates who have successfully completed their comprehensive examinations or the equivalent by the time of award and will be performing dissertation research and training. The applicant should provide evidence of potential for a productive research career based upon the quality of previous research training and academic record. The applicant must propose a dissertation research project and training program which falls into a research area within the scientific mission of the NIAAA, NIBIB, NIDCD, NIDA, NIMH, or NINDS. The research training experience must enhance the applicant’s conceptualization of research problems and research skills, under the guidance and supervision of a committed mentor who is an active and established investigator in the area of the applicant’s proposed research. The research training program should be carried out in a research environment that includes appropriate human and technical resources and is demonstrably committed to the research training of the applicant in the program he/she proposes in the application.

The application must include evidence that current and ongoing instruction in the principles of responsible conduct of research will be incorporated into the proposed research training plan.

Welcome New Employees!!!

Finishing touches are being put on the classrooms, interview room, portable interview carts, and Center on Interventions for Children and Families. The next step is to purchase server and portable AV equipment for Academic and Research purposes.

Revised PHS 398 (DHHS Public Health Service Grant Application) Now Available

The newly revised “Application for a DHHS Public Health Service Grant” (PHS 398, rev. 9/04) instructions and forms are now available and will be accepted for submission/receipt dates on or after December 1, 2004. All applications received on or after May 10, 2005 must use the new instructions and forms. During the transition period, applications using the previous version (rev. 5/01) of the PHS 398 will be accepted through May 9, 2005. However, after this date, applications submitted using instructions and forms other than the PHS 398 (rev 9/04) will be returned to the applicant.

The newly revised instructions and forms are available at: http://grants.nih.gov/grants/forms.htm. Applicants are strongly encouraged to access the instructions and forms via the Internet because they provide valuable links to current policy documents and allow easy navigation of the instructions. The instructions are in interactive format. For further information, contact GrantsInfo@nih.gov.

SBRIR/STTR applicants who are preparing an application for the December 1, 2004 submission date may use the previous PHS 398 version (rev. 05/01) in accordance with instructions in Chapter IV of the PHS 2004-2 Omnibus SBRIR/STTR Grant Solicitation. The PHS 2005-2 Omnibus Solicitation, with updated instructions, will be released on or around January 14, 2005.

Case One Of The Best Places To Work In Northeast Ohio

An Old Occupation

What happens when people of different occupations get old.

- Old Pacifists never die, they just go to peaces.
- Old Perfessers never die, they just lose their class.
- Old pilots never die, they just go to a higher plane.

Ever go to Canada and see big signs that say: BOXING DAY SALE? Boxing Day is December 26. So what is Boxing Day? In the Middle Ages, calendars in Canada, Australia and New Zealand. Now, stores offer sales on these days. So, go up north and take advantage of this extra sales day!
